JOIN US IN COMMEMORATING

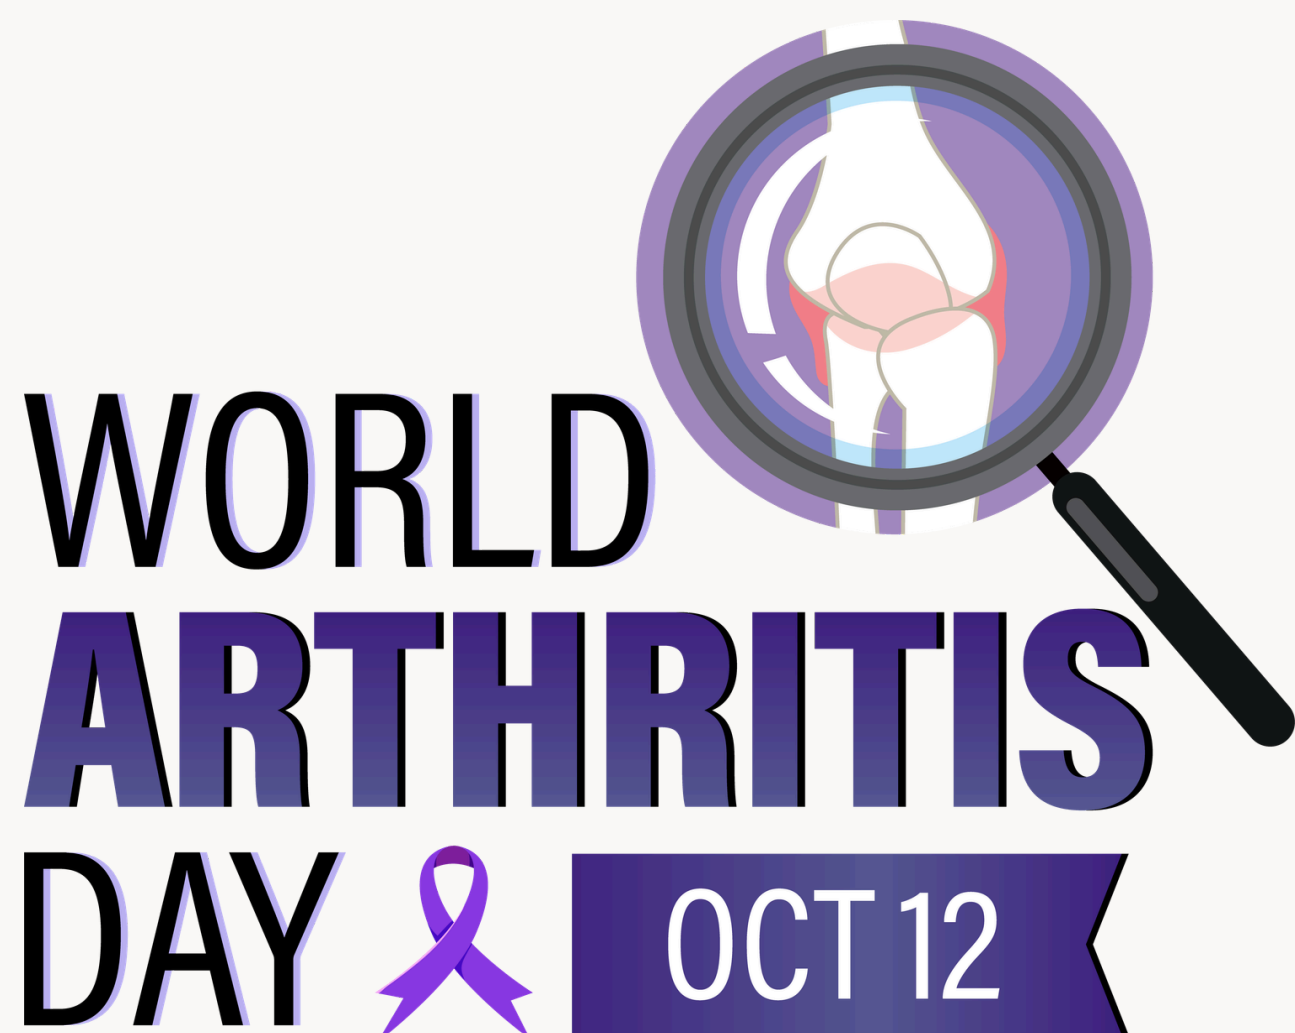

WORLD **ARTHRITIS** DAY 2026

MONDAY, 12TH OCTOBER 2026

06:00 PM TO 08:00 PM IST

THEME: ACHIEVE YOUR DREAMS

FOCUS: Every voice raised in advocacy connects humanity by bringing invisible pain into the light. Strengthening healthcare pathways and encouraging early medical intervention ensures that every patient battling musculoskeletal diseases receives the right treatment, at the right time.

Highlights:

1 Championing Life Goals and Ambitions:

Enabling patients to 'Achieve Your Dreams' means overcoming physical challenges, restoring independence, and empowering them to pursue the life goals that matter most. Because every patient deserves the freedom to dream, achieve, and live fully.

2

2 Maximising Outcomes Through Early Intervention

Early detection of symptoms like morning stiffness can protect mobility and improve long-term quality of life. Proactive screening enables timely care—before joint damage becomes irreversible.

3

3 Driving Unified Action for Universal Access

Bringing healthcare partners together ensures affordable, equitable access to quality care. Because no one should face physical or financial barriers alone. Together, we can make care accessible to all.
