CAHO GLOBAL REHAB QUALITY FORUM
REHAB TECH TALK SERIES

ROBOTIC ASSISTED GAIT TRAINING (RAGT)

– Unlock the Future of Rehabilitation

| | |
|-------|--|
| 09:30 | Registration & Welcoming |
| 10:00 | SAKRA as a leader in robotic assisted Neurorehabilitation |
| 10:15 | Integration of Robotic Assisted Gait Training in Comprehensive Neurorehabilitation |
| 10:30 | <ul style="list-style-type: none">• Evidence-Based Practice: Latest research and applications of RAGT in neurological rehabilitation• Patient Assessment and Preparation: Developing personalized treatment plans and preparing patients for RAGT• Robotic Configurations and Settings: Understanding device settings, safety protocols, and progression planning• Gamification and Virtual Reality: Enhancing therapy sessions with immersive and interactive technologies• Documentation and Monitoring: Best practices for tracking patient progress and outcomes |
| 13:00 | Lunch |
| 14:00 | Practical Hands-on Experience: Guided training sessions with RAGT devices Sakra Rehab - Facility Tour |
| 16:30 | Q&A - Interactive Session |

Why Attend

- 
- Sakra World Hospital is Karnataka's first Comprehensive Neurorehabilitation Centre with 2 World class Robotic units
 - Learn from expert clinicians on advanced robotic technology
 - Experience Robotic assisted unweighing, Gait training and VR
 - Practical Skill training on Robotic protocol development & Implementation

Who could benefit?

Rehab Clinical Practitioners, HOD and Rehab Admin staff, PMR, Physiotherapy students, Academicians, Clinic Owners, Physiotherapy and Rehab Entrepreneurs

Date, Time Venue

Saturday, 04th October 2025 | 09:00 – 17:00 IST
Auditorium, Sakra World Hospital, Bangalore

Registration Fee

Rs. 2900
