

IMPACT-CC

Integrated **M**ultidisciplinary **P**rogram for Advancing **C**ritical care **T**raining

Advance your critical care expertise from anywhere

ABOUT THE COURSE

A structured 14-week online critical care course designed to build strong theoretical and practical foundations in the management of critically ill patients. The program features weekly lectures by stalwarts and senior faculty in Critical Care Medicine, supplemented with demonstration videos on key practical ICU procedures and curated learning resources.

KEY HIGHLIGHTS

- Once-a-week expert-led lectures
- Demonstration videos on practical and procedural topics
- Reading material and learning resources provided
- Faculty comprising renowned leaders in critical care
- Evidence-based, clinically relevant content
- Convenient online format suitable for busy clinicians

WHO SHOULD ATTEND

- Postgraduate students and residents
- Fellows and early-career consultants
- Practicing physicians and intensivists
- Anaesthesiology, Medicine, Emergency Medicine clinicians
- Anyone interested in critical care training

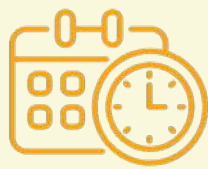

CERTIFICATION

Certificate of Completion on successful course completion
Post-test assessment mandatory for certification

FEES

12,000 INR
+GST

STARTING FROM

2nd Week of May, 2026
EVERY WEDNESDAY FOR 14 WEEKS
7 PM – 9 PM

WHY ENROLL?

- Learn directly from experts shaping modern critical care
- Gain exposure to practical ICU procedures through demonstration videos
- Reinforce learning with curated reading material
- Structured, time-efficient learning over 14 weeks
- Enhance confidence in managing critically ill patients

COURSE ADVISORS

Dr. J Balavenkatasubramanian

Chancellor, CISA National President,
Indian Society of Anaesthesiologists
Ganga Medical Centre,
Coimbatore, India

Dr. Sunil T Pandya

Chief, Dept of Anaesthesia,
Perioperative Medicine and Critical Care,
AIG Hospitals, Gachibowli, Hyderabad.
Consultant, Fernandez Hospitals,
National Chairman, Anaesthesia Patient Safety Forum, India

Dr. Lallu Joseph

Quality Manager & Associate General Superintendent,
Christian Medical College Vellore &
Secretary General, Consortium of
Accredited Healthcare Organizations (CAHO)

PROGRAM DIRECTOR

Dr Amruta Datye

HoD Anaesthesia and Critical Care.
Director, Sevasadan Hospitals

INTEGRATED MULTIDISCIPLINARY PROGRAM FOR ADVANCING CRITICAL CARE TRAINING IMPACT-CC FROM MAY 20,2026

DATE	MODULE	TOPIC	FACULTY
20th May 2026	1	Introduction To IMPACT - CC	Dr. Sunil T Pandya Dr. J. Balavenkatasubramanian Dr. Amruta Datye
		Silent Decline: Spotting Critical Illness Early	Dr. B.D.Bande
		Zero Harm Transfers: Safe Transport of the Unstable Patient	Dr Ratna Kumar N
		Predicting the Unpredictable: The Role of ICU Scoring Systems	Dr. Amruta Datye
27th May 2026	2	Antimicrobial therapy in ICU – Part I: Start Smart: Empiric Therapy and the First Golden Hour	Dr. J.V.Divatia
		Antimicrobial therapy in ICU – Part II: Start Smart: Think Sharp: De-Escalation, Dosing, and Data-Driven Therapy	Dr. Jignesh Shah
		Antimicrobial therapy in ICU – Part III: Fight Smart: Superbugs, Antifungals, and Antiviral Strategies	Dr. Prashant
3rd June 2026	3	When Lungs Fail: Managing Acute Respiratory Failure	Dr. Sunil Karanth
		ARDS Revisited: Evidence Updates and Evolving Strategies	Dr. Pradeep Rangappa
		Non-Invasive Strategies for the Failing Lung: Mastering NIV and HFNC	Dr. Swagatha Tripathy
10th June 2026	4	ABG & VBG Interpretation: A Structured Approach	Dr. Amruta Datye
		Mechanical Ventilation-1: Basics of Mechanical Ventilation: Modes, Mechanics, Settings, Alarms and Monitoring	Dr. B.D. Bande
		Mechanical Ventilation-2: Ventilator Challenges and Weaning Strategies	Dr. Habib
		ECMO: Concepts Every Intensivist Should Know	Dr. Niranjan
17th June 2026	5	No Second Chance: Mastering ICU Airway Strategy	Dr. Apeksh Patwa
		Managing a physiologically challenging Airway in critically ill	Dr. Sheila Myatra
		Pain, Agitation, and Delirium: Optimizing ICU Sedation	Dr. Padmaja Durga
		POD and POCD in the ICU: Recognition, Prevention, and Management	Dr. Kiran Sandhu

INTEGRATED MULTIDISCIPLINARY PROGRAM FOR ADVANCING CRITICAL CARE TRAINING IMPACT-CC FROM MAY 20,2026

DATE	MODULE	TOPIC	FACULTY
24th June 2026	6	Resuscitating the Unstable: Modern Approach to Shock	Dr. Srinivas Samavedam
		Fluid responsiveness & Therapy in the ICU: Updated Concepts in the ICU	Dr. Sheila Myatra
		Haemodynamic Monitoring in the ICU: From Numbers to Decisions	Dr. Ranjith Karthekeyan
		POCUS in Critical Care: Real-Time Decisions in the ICU	Dr. Amit Dixit
1st July 2026	7	Seconds Matter: The ABC Strategy in Trauma	Dr. Balasubramani
		Sepsis in the ICU: Diagnosis, Decisions, and Direction	Dr. Srinivas Samavedam
		Acute Bleeding in the ICU: From Massive Transfusion to Hemostatic Precision	Dr. Praveen
		DIC in Critical Care: From Diagnosis to Directed Therapy	Dr. Shiva Reddy
8th July 2026	8	Acute and Chronic Kidney Dysfunction in the ICU: Recognition, Risk, and Reversal	Dr. Swagatha Tripathy
		Renal Replacement Therapy in the ICU: Timing, Modality, and Monitoring	Dr. Sunil Karanth
		Acute Peritonitis - Safe Surgical Pathway	Dr. Sunil T Pandya
15th July 2026	9	Accelerated Hypertension: End-Organ Protection in Hypertensive Crisis	Dr Dharni Moturu
		ACS Revisited: New Evidence, New Strategies	Dr Ravikant Patil
		Pacemakers, CRT-Ds, and Acute Arrhythmias: ICU Essentials	Dr Daljit
22nd July 2026	10	Venous Thromboembolism: Early Detection and Effective Management	Dr Pradeep Rangappa
		From Graft to Recovery: Post Transplant ICU Essentials: Immunosuppression, Infections & Organ supports	Dr Manish Pathak
		Preventing VAP, CAUTI, CLABSI & SSI: ICU Bundle Strategies	Dr Kavya Katam

INTEGRATED MULTIDISCIPLINARY PROGRAM FOR ADVANCING CRITICAL CARE TRAINING IMPACT-CC FROM MAY 20,2026

DATE	MODULE	TOPIC	FACULTY
29th July 2026	11	Starvation in the ICU: Assessment and Metabolic Insights	Dr Radha Reddy
		Feeding for Survival: Evidence-Based ICU Nutrition - Enteral, Parenteral, and Protein Strategies	Dr Subhal Dixit
		Metabolic Emergencies: Glycemic Control and Ketosis	Dr. Kiran Kumar M
5th Aug 2026	12	Oncologic Emergencies: Metabolic, Hematologic, and Structural Crises	Dr Vibha Naik
		Neuro-Emergencies in the ICU: Rapid Recognition and Targeted Management	Dr. Kapil Zirpe
		Management of poisoning cases in ICU: general overview	Dr Ganapthy
		Critical Illness in Pregnancy: A Structured Approach	Dr. Sunil T Pandya
12th Aug 2026	13	Counselling, Communication & Burn Out in ICU	Dr Ghanshyam
		Withholding, Withdrawing, and Comfort: ICU End-of-Life Decisions	Dr Harsh Sapra
		Ethics and Law in the ICU: Navigating Complex Decisions	Dr. Srinivas Samavedam
