

Certified Professional in **Healthcare Risk Management** (CPHRM)

Exam Preparation Course

Exam Preparation Course

Introduction

HealthGuard Consultancy is pleased to offer a comprehensive preparation course tailored for Healthcare professionals seeking to achieve the Certified Professional in Healthcare Risk Management (CPHRM) credential. The course is designed to help healthcare professionals prepare for the CPHRM certification examination while strengthening their knowledge of healthcare risk management. The course provides a focused review of key topics, including patient safety, healthcare operations, legal and regulatory issues, claims management, and risk financing.

Course Objectives

Participants will:

Understand the core domains and competencies assessed on the CPHRM certification examination.

Identify the essential functions, responsibilities, and strategic role of the healthcare risk management professional.

Apply effective exam preparation techniques and create a personalized study plan for certification success.

Why This Course Matters

- ✓ Gain the knowledge and skills needed to manage risks in today's complex healthcare environment.
- ✓ Prepare for the internationally recognized CPHRM certification.
- ✓ Strengthen your expertise in patient safety, compliance, claims management, and risk mitigation.
- ✓ Enhance your professional credibility and leadership opportunities in healthcare risk management.

Course Format

- 1 • Virtual Format: 11-week program with weekly live virtual sessions
- 2 • Module based structured learning
- 3 • Each topic broken into focused sessions
- 4 • Pre and post assessments
