

CERTIFICATE PROGRAMME ON **Laser Safety in Healthcare – Essentials**

12th Dec 2026
2:00 – 6:00 PM IST

4 HOURS

Who Should Attend ?

Clinicians | Nursing Teams | Biomedical Engineers (BME) | Quality & Safety Professionals | Hospital Administrators

Why Attend ?

Lasers are increasingly used in healthcare – but with high benefits come serious risks. This programme equips you to:

- Understand laser physics & clinical applications
- Translate Accreditation/regulatory requirements into daily practice
- Build a hospital-wide laser safety programme
- Learn from real-life cases and apply preventive strategies

LEARNING OUTCOMES

By the end of this session, participants will:

- List mandatory elements of a laser safety programme
- Identify roles & responsibilities
- Analyze near-miss/incident scenarios to strengthen prevention

JOIN US TO

- Enhance safety in clinical practice
- Strengthen your hospital's quality systems
- Engage in case-based learning

Fees

Non CAHOMember - 1000 INR

CAHO Member - 900 INR
